PROJECT CYCLE CALENDAR FOR SPRING 2014

THE DEADLINE FOR RECEIPT BY THE SECRETARIAT OF BOTH
NEW AND REVISED PROJECT AND PRE-PROJECT PROPOSALS
FOR THIS PROJECT CYCLE IS:

******* 16 December 2013 *******

[pursuant to Decision 7(XXI)]

The Secretariat wishes to give Members early details of the Project Cycle Calendar for Spring 2014.

MEMBERS ARE RESPECTFULLY REQUESTED TO NOTE THE FOLLOWING:

- 1) Pursuant to Council Decision 5(XLIV), member countries are requested to submit from May 2009 new project and pre-project proposals exclusively based on the Third Edition of the ITTO Manual for Project Formulation approved under this Decision.
- 2) All pre-project and project proposals must be submitted directly by the "Official Contact Point" of an ITTO Member [Decision 4(XXV), Annex A, Section III]. Any pre-project and/or project proposal not channeled through the "ITTO Official Contact Point" will not be accepted. The official ITTO Contact Point must be the person and/or institution designated by the Member country and registered by the Secretariat to handle ITTO matters. For further information please contact the Secretariat.
- 3) In view of the limited number of project proposals that the Expert Panel for Technical Appraisal of Project Proposals can appraise, the official contact point responsible for ITTO matters shall provide a list of project proposals in order of priority for consideration by the Expert Panel, if the Member is submitting more than one (pre)project proposal [Decision 4(XXV), Annex A, Section III]. Official Contact points are also kindly reminded of the recommendations made by the Expert Panel on Measures to Improve Project Formulation and Appraisal [Document ITTC(XXXVI)/5], particularly with regard to the advise to set up "National Clearing House" mechanism for the screening of project or pre-project proposals taking into account national priorities and relevance to ITTO goals, prior to submission.
- 4) Members who decide to withdraw project proposals after submission are reminded that substantial translation costs and handling time will already have been expended on these proposals. Please make a firm decision to support any proposal before submitting it, and kindly note that amendments will not be accepted after the deadline, since proposals are immediately processed and sent to Expert Panel members.

- 5) Large number of proposals, unduly lengthy proposals, and errors of spelling, syntax, and calculation within proposals impose an unmanageable burden on ITTO's translators and on the Secretariat owing to the time constraints of the twenty-two week cycle. Project proposals should not exceed 33 single sided pages, while pre-project proposals should not exceed 12 single sided pages (Reference: *ITTO Manual for Project Formulation 3rd Edition*). Additional supporting information should be contained in Annexes. (It is also strongly requested that proposals be prepared in font "Arial", size 10.)
- 6) Members are kindly requested to dispatch by courier a clean hardcopy on A4-sized paper, free of hand-written amendments, and an electronic copy in Microsoft Word format saved on a compact disk or another convenient format. File names should clearly specify the order of presentation.
- 7) All proposals should be sent to the following email address:

proposals@itto.int
- 8) If an Expert Panel recommends a proposal to be revised, the submitting Member must highlight all additions, deletions, or amendments in the revised version for the benefit of translators. Such highlighting may take the form of underlining, for example, or use of **boldtype**. Highlighted sections should be clearly distinguishable from the original text. Explanatory notes on the changes made should be attached to the proposal. Please note that resubmitted project proposals whose revised sections are not highlighted will not be considered by the Expert Panel and/or Technical Committees.
- 9) The PD format must be consistent with the format recommended in the ITTO Manual for Project Formulation, Third Edition, 2008 [Decision 5(XLIV)]. Full guidance on project formulation is provided in the Manual. In particular, budgets should follow the headings shown in Table 7 (p.47) of the Manual.
- 10) The *ITTO Manual for Project Formulation 3rd Edition* is available at:
