

Green Ranger in Korea

By Dr. Cho, Kyu-Sung, Director

1. Introduction to Green Ranger

- Established in 1991 under the Korea Forest Service.
- Is a green education NGO for youth
- Is an voluntary group of elementary, middle and high school students for better understanding about forests and for enhancing the spirit of love for forests

2. Status of Green Ranger

- Selected “30 thousands members” each year since 1991.
- Total about 660 thousand members take a part in activity

3. Aim of Green Ranger (STAF)

- **Serve** : Possess an attitude of servicing for forest
- **Thank** : Get a mind of thanking to the forest
- **Aware** : Get the student aware of the value and importance of the forest
- **Form** : Bring a life to live along with the forest

With these specific 4 aims, Green Ranger contributes to protecting the beautiful forest

Green Ranger in Korea

4. Major Program

- Field study Program
- Leadership Program
- Global Exchange Program
- Teacher training program
- Presentation of the education about the forest to the teenagers and advertisement of it

Today, we wish to make a video presentation on
“Green Ranger Forest School
Activity” held in 2007 (about 7 min)
