

List of Fellowship Recipients at the Forty-eighth Session of the ITTC

of Awards: 23

Total amount: US\$148,435

of Female applicants: 10

of countries: 15

Ms. Akpene, Afiwa Dzibgodi Akpene (Togo)

Preparing a technical document on "Development of a Strategy for Improving the Performance of Teak in Togo"

Ms. Arellano Nicolás, Edith (Mexico)

Undertaking a Master's Program in "Management and Conservation of Tropical Forests and Biodiversity" at CATIE in Turrialba, Costa Rica

Dr. Assogbadjo, Achille Ephrem (Benin) Preparing a technical document on "Assessing Population Structure and Dynamics of the Declining *Azelia africana* Sm. Tree Species for its Sustainable Management in the Protected Areas of Benin (West Africa)"

Mr. Bandoh, William Kwame Nuako (Ghana) Undertaking a short training course on "Application of Molecular Genetic Markers for Timber Tracking in Africa" at Kenya Forestry Research Institute in Nairobi, Kenya

Dr. Fongzossie, Fedoung Evariste (Cameroon) Carrying out research on "Assessment of Vulnerability to Climate Change in Adjacent Community of Mangrove Forests in Manoka Island, Litoral Region in Cameroon"

Mr. Geply, Johnson Jlokpeh (Liberia) Carrying out Ph.D. research on "Assessment of Liberia Forest Policy and Administration before and after the Civil War" at the University of Ibadan in Ibadan, Nigeria

Ms. Heindorf, Claudia (Germany) Preparing a technical document entitled "Manual of Sustainable Forestry Practices in the Tropics of Mexico that Increases Productivity and Contributes to National Goals of Mitigating the Effects of Climate Change"

Dr. Javaregowda, Javaregowda (India) Undertaking a short training course on "Competing Claims on Natural Resources: Professional Qualities for Managing Conflict in Natural Resource Management towards Sustainable Development" at Wageningen UR Centre for Development Innovation in Wageningen, the Netherlands

Mr. Kurniawan, Yuyun (Indonesia) Carrying out Master's research on "Tropical Forest Dynamic after Logging: A Comparison Study between RIL and Non- RIL Practices in Relation with Biodiversity and Forest Carbon Stock" at the University of Mulawarman in Indonesia

Ms. Maroundou, Audrey Pamela (Gabon) Undertaking a short training internship on "Method and Techniques of GIS" at Institute of Tropical Ecology in Toulouse, France

Ms. Massou, Pamera Bibi-ntu (Côte d'Ivoire) Carrying out Ph.D. research on "Quantifying the Spatial and Temporal Variation in Aboveground Biomass (AGB) in the Tropical Forest of Congo Basin under the REDD+ Context" at the University of Tübingen, Germany

Dr. Maza Rojas, Byron Vinicio (Ecuador) Undertaking a Lecture Tour and Workshop on "Demonstration of Forest Industry in Chile" at the University of Lagos in Paillacar Alberto Silva, Chile

Mr. Mensah, John Kobina (Ghana) Undertaking a short training course on "Application of Molecular Genetic Markers for Timber Tracking in Africa" at Kenya Forestry Research Institute in Nairobi, Kenya

Mr. Minn, Yazar (Myanmar) Participating in the World Teak Conference 2013 in Bangkok, Thailand

Dr. Ndiade Bourobou, Dyana (Gabon) Undertaking a short training course on "Application of Molecular Genetic Markers for Timber Tracking in Africa" at Kenya Forestry Research Institute in Nairobi, Kenya

Mr. Njurumana, Gerson Ndawa (Indonesia) Carrying out Ph.D. research entitled "Environmental Conservation Development on Kaliwu System at Sumba Island" at Gadjah Mada University in Yogyakarta, Indonesia

Mr. Opoku-Ameyaw, Adu (Ghana) Carrying out Masters' research on "Seasonality and Environmental Determinants of Total and Component Soil CO₂ Efflux in an Intact Tropical Moist Semi-Deciduous Forest in Ghana" at Kwame Nkrumah University of Science and Technology in Kumasi, Ghana

Ing. Romero Rodriguez, Irma Betty (Peru) Undertaking the XXV Intensive International Course on "Diversified Management of Tropical Natural Forests" at CATIE in Turrialba, Costa Rica

Ms. Saha Tchinda, Jean-Bosco (Cameroon) Undertaking a short training internship on "Recovery of Waste Wood through the Isolation of Molecules with High Potential: Case of Waste of Azobe, Padouk, Tali and Moabi" at CIRAD in Montpellier, France

Ms. Saw, Aye Aye (Myanmar) Carrying out Master's research on "Simulation Model of Community Based Mangrove Ecosystem Conservation and Rural Development in Myanmar: Case Study in Wunbaik Mangrove of Rakhine Coastal" at Kyoto University in Kyoto, Japan

Ms. Tonouewa, Murielle Jesugnon Fifamè Féty (Benin) Undertaking a short training internship on "Physical and Mechanical Characterization of Wood *Gmelina arborea* Roxb. of Benin" at CIRAD in Montpellier, France

Dr. Wahyudi (Indonesia) Publishing and disseminating a textbook of "Non-Timber Forest Products" (in Indonesian)

Ms. Wong, Melissa (Malaysia) Participating in the IUFRO Annual Forest Tree Workshop in conjunction with Plant and Animal Genomes XXI Conference in San Diego, U.S.A.
