Regulation 1.6

The status, privileges and immunities attached to the Organization by virtue of its Headquarters Agreement with the Government of Japan are conferred to enable the Organization fully and efficiently to discharge its responsibilities and fulfill its purpose and functions. These privileges and immunities furnish no excuse to the staff who enjoy them for non-performance of their private obligations or failure to observe laws and police regulations. In any case where questions of privileges and immunities arise, the staff member shall immediately report to the Executive Director, who alone shall decide whether they shall be waived.

The Council shall decide whether the privileges and immunities shall be waived in the case of the Executive Director.

BRAZILIAN COMMENTS AND SUGGESTIONS ON THE REVISED ITTO STAFF REGULATIONS AND RULES (THIRD EDITION) OF THE INTERNATIONAL TROPICAL TIMBER ORGANIZATION

In reference to the signed letter of 7 July 2015 from the ITTO Executive Director, Mr. Emmanuel Ze Meka, on the Revision of the ITTO Staff Regulations and Rules (3rd edition), the Brazilian focal point forwards the following comments and suggestions of modifications:

- a) Rule 101 Although the proposed change mirrors the "UN Rule 1.4 (a)", it gives great discretion to the Executive Director of ITTO on the definition of working hours. Within the UN context, which comprises a greater variety of positions and functions, the rule seems appropriate; however, it is unclear whether the new rule would represent a breakthrough for the normative framework of the ITTO. Brazil proposes to revert to the original text.
- b) Rule 102 There seems to be no relation between the list of ITTO's holidays (which amounts to a total of about 20 holidays, including Japan's national holidays) and the rules of UN's holidays, which establish a maximum of 10 holidays.
- c) Regulation 2.4 Brazil suggests adding an exception in this regulation in order to give more flexibility to the appointment of Assistant-Directors of the ITTO. The addition of the sentence "All vacant posts shall be advertised, including senior-level posts" has no equivalent in the correspondent UN Regulation (Regulation 4.3 of ST/SGB/2014/2). Moreover, it is important to highlight that the UN Administrative Instruction ST/AI/2010/3 (regarding the "staff selection system") provides exceptions to the appointments of Assistant Secretary-General and Under-Secretary-General levels, for which a parallel may be drawn with the Assistant-Directors levels in the ITTO.
- d) Regulation 3.8 The dependency allowance is being extended to the General Service functional category. It is important to know the financial implications of such a change in order to eventually endorse it.
- e) Rule 301 It is not clear what is being proposed in regard to deferring or withholding salary increments.
- f) Rule 302 The financial implications of the proposed amendments are not clear.

- g) Rule 303 –. Apparently there is no correspondence regarding the changes made on item "d" in this rule with the practice in the UN system.
- h) Rule 305 This rule only partially reflects the rule of the UN system (e.g. no reference is made to the fact that for a second language only 50% of language allowance could be granted).
- i) Rule 307 The definition of "home country" should take into account the country of origin of both parents regardless of whether they are staff members of the ITTO or not (item a, ii). Additionally, UN rules provide for education grant only to "fixed-term" and "continuing appointment".
- j) Rule 504 The proposed amendment represents a substantial increase in the budget of the ITTO and should be better assessed.
- k) Rule 619 The proposed amendment represents an increase in the budget of ITTO and should be better assessed.
- Regulation 7.34 The proposed wording for item "a" is not mirrored by the UN system, since the correspondent UN rule prescribes that the retirement age is determined by the date of the appointment in office and not by the rules in force at the time of retirement (UN Staff Regulations ST/SGB/2014/2 - Regulation 9.2).

6 August 2015

Mr. Emmanuel Ze Meka Executive Director International Tropical Timber Organization International Organizations Center 5th Floor, Pacifico-Yokohama 1-1-1, Minato Mirai Yokohama 220-0012

Dear Mr. Ze Meka,

For the "Revision of ITTO Staff Regulations and Rules", the Government of Japan would like to make the following comments.

First of all, I would like to thank you and the Secretariat for working on this issue. On the other hand, it is Japan's view that the Secretariat proposal is not in conformity to the Report of the ITTC at its Fiftieth Session. The Secretariat proposal should be accompanied by:

- justification for the proposed alterations;

estimated numerical financial implications in the near term and long term ;
 comparable cost containment measures to ensure that the overall biennial budget is equal to or lower than the biennial budget 2014-2015; and
 Comparison with the relevant text from the 2015 Staff Rules and Regulations of the UN or other relevant international organizations (e.g., ICCO and ICO). (Referred from Page 230)

Secondly, because we need to concentrate on new ED election and biennial budget at the forth coming ITTC in Malaysia, I would like to propose to deter the discussion on the staff regulation and rule amendment.

Thank you very much for your understanding. With best regards,

Yours sincerely,

Kazuhiro Takahashi Director Global Environment Division International Corporation Bureau Ministry of Foreign Affairs, Japan

Subject: RE: Revision of ITTO Staff Regulations and Rules (Third Edition)

Dear ITTO Colleagues and Mr. Ze Meka

Thank you again for sending the Third Edition of the Staff Rules and Regulations for our consideration. As a general matter, we are supportive of efforts to amend the staff rules of the ITTO to be more consistent with UN staff rules. We recognize that this agenda item will require a significant discussion among the ITTO members in order to reach decisions. We believe it might be necessary and more useful in the long term to defer consideration on changes to the staff rules at ITTC51 in order to prioritize the successful selection of the new executive director during this meeting in Kuala Lumpur.

I also have a small question on the process for deferring revision of the staff rules from the current agenda (and slated for consideration at a later date) -- how is this decided? Simply through a process within the Secretariat or is there another deliberative body?

Thank You, --Rowena

SUBMISSION ON BEHALF OF THE EU AND ITS 28 MEMBER STATES

Subject: Ref: L. 15-0134 - "Revision of ITTO Staff Regulations and Rules (Third Edition)"

The European Union (EU) and its 28 Member States would like to thank the ITTO secretariat for the letter Ref: L. 15-0134 of 7 July 2015 inviting ITTO members to provide their comments on the proposed amended Staff Regulations and Rules.

The EU and its Member States attach a high importance to the ongoing process of modernization of the organization with the aim of achieving greater efficiency and cost-effectiveness, and improving the necessary (long term) financial sustainability of the organisation. We therefore welcome the continued consideration of a revision of the ITTO staff rules and regulations by the Council at its next meeting, and would like to thank the secretariat for the revised proposal.

As a general comment, we would like to remark that the document circulated by the Secretariat does not either in terms of presentation or content, fully address the guidance provided by the Committee on Finance and Administration (CFA) at ITTC50. The CFA has requested in particular that the Secretariat proposal should be accompanied by the following:

- 1. Justification for the proposed alterations;
- 2. Estimated numerical financial implications in the near term and long term;
- Comparable cost containment measures to ensure that the overall biennial budget is equal to or lower than the biennial budget 2014-2015; and
- Comparison with the relevant text from the 2015 Staff Rules and Regulations of the UN or other relevant international organizations (e.g. ICCO and ICO).

However, we find that contrary to the requests of the CFA, the document circulated by the Secretariat does not provide a sufficiently detailed/ articulated justification for the proposed changes (why is the change required? what is the benefit for the organization or its staff?). Furthermore, it is not always clear whether the proposed amendments are inspired by relevant UN staff rules and regulations (and which version of the same), or by relevant rules of other international organizations (noting that the proposal by the secretariat does are mentioned in the comments included in the draft, we wonder why the Secretariat has not carried out its work on the basis of the useful format adopted for the preparation of the documents on this topic submitted at ITTC50. A tabular format would have allowed a much clearer presentation of the current ITTO's rules and regulations, and proposed amendments vis-à-vis UN rules and staff rules and regulations of international coffee Organization. We suggest that the secretariat provides Members of the organization generation of the organization with a clear outline of the methodology followed for the development of the proposal for development, including by clarifying the extent to which staff of the secretariat have been consulted in the process of development, and whether an

analysis has been made of the possible impact of the proposed changes on the acquired rights of staff, and possible legal and financial implications.

We are also of the opinion that the current document prepared by the Secretariat does not fully meet the CFA request for estimated numerical financial implications in the near term and long term of the proposed changes. We would like to request the secretariat to carefully consider such a fundamental matter for the sustainability of the organization and to make a more comprehensive analysis of the financial impacts both in the near term (budget 2016-2017) and long-term (budget 2018-2019 and beyond). We would also like to recall the request to propose comparable cost containment measures to ensure that the overall biennial budget is equal to or lower than the biennial budget 2014-2015.

Furthermore, we would like to point out that the ICSC at its upcoming eighty-first session this summer will consider a new set of UN common system Staff Rules and Regulations, which are expected to include in a holistic manner the revised compensation package for UN staff and any required transitional arrangement to address aspects of sustainability, overall competitiveness and the acquired rights of staff. We strongly believe that the most up-to-date UN rules should be used as part of the ongoing exercise of revision of the ITTO staff rules and regulations. In this respect, we would like to mention that both ICO and ICCO which are involved in a process of revision of their respective staff rules and regulations (through the support of a consultant funded by the EU) have postponed their consideration of the subject in order to fully consider the most recent UN rules. The ITTO should consider a similar approach, if needed by focusing at the next session on amendments that are strictly necessary and engage in a broader, comprehensive review only when in a position to fully consider the implications of and potential for alignment with the relevant 2015 UN rules.

To conclude, we believe that the Secretariat should revise its proposal for amendments with a view to better addressing the requests of the CFA and allowing a clearer presentation of the proposed amendments vis-à-vis UN rules and staff rules and regulations of international commodity bodies. We further believe that it would be highly beneficial for the Members of the ITTO if the Secretariat could circulate again its revised proposal in September so that Members can make further comments before the Council session in November.

We look forward to a constructive discussion on this important matter at ITTC51.
