(b) The Council, in its Decision 7(XLVI), decided that "the costs for convening a Council session outside Headquarters, covered by the Administrative budget, in any two-year period shall be budgeted equally between the two years and shall not exceed US\$400,000 in total". The amount of US\$200,000 (50%) included in the budget for 2020 is to be transferred and to be allocated in 2021 to meet expenditures for holding the Council Session to be held outside of Japan in 2021.

(c) Paid directly or reimbursable by Japan based on actual expenditures (not included in total estimates). Figures are estimates based on actual expenditures from previous years.

(d) Session of Council to be held outside Japan and costs not reimbursed by Japan (not included in total estimates).

EXPLANATORY MEMORANDUM

This approved Administrative Budget for the financial biennium 2020-2021 is prepared by using the official exchange rate of the United Nations for the month of August 2019 of US\$1 = Yen106.41. As per the decision at the Forty-fourth Council the approved Administrative Budget will use the official exchange rate for the month when it was prepared (in August 2019) and will not be revised at the time when the Committee considers the Budget (in December 2019).

The exchange rate of US\$1 = Yen106.41 used in the calculation of this approved administrative budget for the financial biennium is 2.42% higher than the rate applied in calculation of the budget for 2019 that the Council approved in November 2017 of US\$1 = Yen109.05. Other increases or decreases in the current approved budget are further elaborated in the notes below.

BASIC ADMINISTRATIVE COSTS

A. Salaries and Benefits

Calculations of the approved Administrative Budget for the financial biennium 2020-2021 are, as in previous years, based on current United Nations schedules and rates in accordance with Regulations 2.2 and 2.3 of the ITTO Staff Regulations and Rules. Information and details on the United Nations salary scales and rates, etc., are available on the website of the International Civil Service Commission (ICSC) – <http://icsc.un.org/>.

Annex I shows the staff establishment of the Secretariat with a break-down of all posts established for 2020-2021. As seen therein, the total number of staff is 30, as in the previous biennium 2018-19.

The staff establishment includes the posts of two Regional Officers (one for Africa and one for Latin America) which were funded from the Programme Support Fund in the Special Account. However, these posts were discontinued during 2017 due to the depletion of the Programme Support Fund following the financial impairment and will be difficult to continue unless other funding sources are decided. Additionally, the staff establishment includes the positions of staff provided by the City of Yokohama in recent years, in accordance with the Council document ITTC(III)/9. The costs for all these positions are not included in the expenditures for the approved Administrative Budget for the financial biennium 2020-2021 as presented in this document.

A1. Salaries

The United Nations last revised the salary scale in 2019. The salary for staff members in the professional category is paid in U.S. dollars while those for staff members in the General Service category are quoted and paid in Japanese Yen. This budget sub-heading would normally increase by about 2.0% per annum to take account of the salary increments within the levels set out in the prevailing salary scales of the United Nations, subject to satisfactory service, in accordance with ITTO Staff Rules and Regulations, Regulation 2.4.

A2. Tax Refund

The tax refund has been calculated for staff members who are Japanese nationals or are permanent residents in Japan only in accordance with Regulation 2.11 of the ITTO Staff Regulations and Rules. This is to cover income tax and regional tax of Japan for such staff members. The cost is fully reimbursed by Japan and is not a burden to the Administrative Budget and therefore not charged to the budget. The estimates for 2020 of US\$ 283,692 and 2021 of US\$295,271 is slightly lower than the actual cost due to adjustments to include the surplus reimbursed by Japan to the Organization against actual expenditures in previous years. The estimates are calculated based on the actual number of current staff members who are Japanese nationals or permanent residents in Japan only.

A3. Post Adjustment

Post adjustment is paid only to staff members in the Professional and higher categories in conformity with the prevailing post adjustments schedules of the United Nations, as per Regulation 2.7 of the ITTO Staff Regulations and Rules. The scale for post adjustment is the same as that of the base salary (A1), where one point of post adjustment equals one per cent of base salary. This budget sub-heading in 2020 shows an increase of US\$15,825 or 1.66% and in 2021 an increase of US\$30,362 or 3.19% compared with the allocation for 2019. This is due mainly to the change in the post adjustment multiplier of 85.5 points used in the budget for 2020-2021 against 81.2 points used in the budget for 2019.

A4. Rental Subsidy

Rental subsidy is calculated based on the amounts of rent paid locally (in Japanese Yen). The allocation for 2020 and 2021, similar to 2019, is on the assumption that one staff member in the professional and a higher category may be recruited in 2020 and 2021 who may claim for rental subsidy. The budgeted amount under this sub-heading for 2020 and 2021 is US\$2,512 which is a 1.45% increase against the approved amount for 2019.

A5. Education Grant

In 2020-2021, the number of dependents of staff members receiving education grant remains mostly unchanged compared to 2019.

A6. Dependency Allowance

Dependency allowances are budgeted for dependents of staff members both in the General Service category as well as in the Professional and higher categories. This budget sub-heading shows an increase of US\$14,862 (8.12%) in 2020 and an increase of US\$17,830 (9.74%) in 2021 compared with the allocation for 2019 due to adjustments made to estimates for new staff recruited during 2018-2019.

A7. Home Leave

Allocations are made for home leave travel of eligible staff members and their dependents in 2020 and 2021. The estimates are US\$89,400 in 2020 for 4 Professional staff and US\$96,000 for 5 Professional staff in 2021. The amount needed from year to year varies because eligible staff members are entitled to home leave once in every two years, which leads to a different number of eligible staff members each year.

A8. Language Allowance

In accordance with the instructions of the Committee on Finance and Administration, no allocation is provided for language allowance until it becomes necessary at a later time.

A9. Overtime

Compensation for overtime work is paid only to staff members in the General Service category and in accordance with the salary level (in Japanese Yen). The changes in grade and steps of staff members affect the compensation for overtime work. This budget sub-heading shows a decrease of 3.79% in 2020 and 2.35% in 2021 compared with 2019.

A10. Mobility and Hardship Allowance

This allowance is paid only for the initial five years to staff members in the Professional and higher categories in U.S. dollars and therefore is not affected by the variation of exchange rates. Allocations are made for 2020 and 2021 for the planned recruitment of one Professional and higher category staff.

A11. Separation Benefits

This budget sub-heading covers payments to separating staff members (repatriation grant, unused accumulated annual leave, etc.). It is difficult to predict and provide allocations to take account of the changes in staff separation and, normally, allocation is made for separation of one staff member.

A12. Removal Costs

A13. Repatriation/Recruitment Travel

These budget sub-headings cover costs for removal of household goods and personal effects for repatriation of entitled staff members and their repatriation travel. For staff members who are recruited to replace positions already established in the Secretariat and for whom Japan does not pay for removal, entitlement for removal and recruitment travel also exist. As indicated in heading A11 above, provisions are being made in 2020 for the recruitment of one Professional and higher category Staff. In addition allocation

is made for the separation/recruitment of one Professional staff for each year.

B. Installation Costs

B1. Assignment Grant

B2. Lumpsum Benefit

The grant consists of payment for each newly recruited staff member of an amount equivalent to 30 days of daily subsistence allowance (DSA) plus 15 days' DSA each for accompanying spouse and accompanying dependent children and a lump-sum payment equivalent to one-month's salary should the staff member opt for reduced removal entitlement. Similar to sub-heading A11-13, provisions are made for payment of the grant in 2020-2021 for the recruitment of one staff member and additionally, one professional and higher category staff for 2020.

C. Official Travel

The Organization's programme of activities continues to expand in areas related to international forestry developments. There is continuing need for frequent consultations and contacts with Members, the Collaborative Partnership on Forests (and related bodies) as well as non-governmental organizations (NGOs), timber trade bodies, and relevant United Nations agencies, thus necessitating adequate travel by the Executive Director and Secretariat staff members. This is necessary to strengthen co-operation and obtain feedback on the concerns of Members and other global developments which have impact on the programme of work and situation of the Organization. The proposed travel schedules, as in the past, will also enable ITTO's participation in various conferences, seminars and international gatherings on subjects related to the activities of the Organization as well as other travel related to dissemination of the results of the work of the Organization. The allocation for 2020 and 2021 has increased to enhance ITTO's exposure at key international events whilst seeking opportunities to support ITTO's fundraising efforts.

D. Social Security

D1. Provident Fund

An increase of 4.55% in 2020 and 6.12% in 2021 against the allocation of 2019 is being budgeted in budget sub-heading D1 (Provident Fund). Under the ITTO Staff Regulation 5.1, a provision is made for the establishment and operation of a Provident Fund with the joint participation of the Organization and staff members, both at the percentage rates set by the United Nations Joint Staff Pension Fund (UNJSPF). Accordingly, allocations are made for the Organization's share of the Provident fund and all operational fees involved in the management of the fund including transaction costs.

D2. Accident/Health Insurance

A decrease of US\$ 93,058 in 2020 and US\$ 90,678 in 2021 against the allocation of 2019 is being budgeted in budget sub-heading D2 (accident/health insurance) based on the latest estimates for the current staff establishment. Under the ITTO Staff Rule 504, the Organization is responsible for providing staff members with an insurance scheme to compensate staff members in the event of death, injury or illness in connection with official duties, which the premium is borne by the Organization, and a health insurance scheme, which is subsidized by the Organization.

D3. Japanese National Scheme

An increase of US\$ 16,267 (10.71%) in 2020 and an increase of US\$ 18,790 (12.37%) in 2021 against 2019 is being budgeted to cover Social security and pensionable insurance for the Japanese staff members under the Japanese national scheme. The total expenditure under this sub-heading is paid in Japanese Yen and is affected by the exchange rate variation. The allocations are made based on the actual staff establishment.

E. Special Activities

The sub-heading **E1** (Consultants) is designated for contracted consultancy work to supplement the tasks of the Secretariat, and sub-heading **E2** (Workshops and Meetings) for activities related to ITTO's participation and

sponsorship of meetings of interest to the Organization.

The sub-heading **E.3 Other Activities** is allocated to hire the services of a Legal Advisor.

F. Data Processing

F1. Computer Software and Servicing

This budget sub-heading covers expenses for annual service contracts with suppliers for the maintenance of the Secretariat's computer network, software licensing packs and upgrading fees for the current software.

F2. Network, Hardware & Supplies

Funds in this budget sub-heading cover charges for the hosting and maintenance of the broadband network, Internal Control Systems, ITTO homepage and other IT-related infrastructure. Also, replacements for outdated computer hardware and supplies (servers, data storage, printer toners and displays etc.) are covered under this budget sub-heading.

F3. Training and Staff Development

An increase of 1.41% is budgeted for 2020 and 2021 for training and staff development. There will continue to be a need for staff in both the professional and general service categories to attend training and staff development sessions to learn new developments and knowledge in relevant fields.

G. Other Costs

G1. Communications

This budget sub-heading includes charges for telephone, facsimile, postage and courier delivery services as necessary. The allocation for this sub-heading has been decreased by US \$9,245(20.00%) due to measures to save costs.

G2. Publications

As in previous years, the Organization produces publicity materials as well as other publications as instructed by the Council and for which no funds are provided for in the Special Account. The allocation for this sub-heading is increased by 1.25% over the previous year's to take into account exchange rate differences.

G3. Transport

The allocation in this budget sub-heading is decreased by US\$14,660 (17.09%) over the previous years due to cost-saving measures. The allocation covers costs for gasoline and maintenance of the two official vehicles as well as local transport of staff, mostly by using public transport for official purposes (e.g. attendance at relevant meetings in Japan, etc.) and for staff retreats.

G4. Library

The allocation for libraries is increased by US\$101 (0.78%) to account for exchange rate differences.

G5. Supplies

Allocation in this budget sub-heading is decreased by US \$10,358 (24.55%) due to cost-saving measures. The allocation covers costs for supplies used in the day-to-day operations of the Secretariat such as stationeries and paper, and replacement of furniture and equipment.

G6. Hospitality

There is an increase of US\$2,169 over the previous year's that takes into account the exchange rate

differences and increased networking opportunities.

G7. Bank Charges

There is an increase of US\$ 226 (0.94%) over the previous year's that takes into account the exchange rate differences. The allocation covers charges levied by the bank on transactions in the Administrative Account as well as in contributions received from Members.

G8. Audit

The auditors are to be selected by the Council from firms qualified to conduct audits in Japan which normally invoice the Organization in Japanese Yen. Additional to the annual external audit, ITTO conducts internal audits and additional auditing services as needed in accordance with the Financial Rules. There is an increase of US\$1,941 (1.38%) over the previous year's allocation due to exchange rate differences.

G9. Miscellaneous

A similar level of expenditures is expected in this budget sub-heading in 2020 and 2021 and is budgeted to be allocated to cover expenses that could not be appropriately charged to other budget headings like fees for attendance at meetings or unexpected expenses which are approved under the discretion of the Executive Director.

H. Council Meetings

The allocation in budget sub-heading H1 (Costs not met by Host Country) is to meet costs related to the Council meetings which are not reimbursed by Japan (under sub-heading "I.2") or those not reimbursable by the host country when the Session is held outside of Japan. An amount of US\$8,801(increase by \$150) is allocated for this sub-heading in the approved budget for 2020 and 2021. The increase is due to the exchange rate variation.

The Council, in its Decision 7(XLVI), decided that the "costs for convening a Council session outside Headquarters, (to be) covered by the Administrative Budget, in any two-year period shall be budgeted equally between the two years and shall not exceed US\$400,000 in total". The amount of US\$200,000 budgeted under the budget sub-heading H.2 (Council Session Outside Japan) to be allocated in 2020, and will be added to the same allocation from 2021 to meet expenditures for holding the Council Session outside of Japan in 2021.

I. Costs Met by Japan

Certain costs such as office space, utilities and most of the equipment (heading I.1) have been provided gratis by the Government of Japan through the City of Yokohama. Japan also provides two support staff (heading I.5). In addition, as part of the host country's offer, Japan bears the costs of Council meetings (heading I.2) which are held at ITTO Headquarters in Yokohama. However, from the Seventeenth Session of the ITTC onward, Japan decided to limit translation costs of documents to US\$85,000 per Session. Expenditures in excess of this amount will be charged to the Special Account for which a provision was made under Decision 4(XV). Additionally, Japan has decided from 2007 onward, to no longer provide support in meeting part of the costs for the meetings of the Council which are held outside Japan (Decision 4[XLII]).

J. Contingency Reserve

The Council, at its Thirty-first Session (Yokohama, November 2001), approved the recommendation by the Tenth Session of the Committee on Finance and Administration (CFA) to increase the "Special Reserve Fund" from its previous level of \$600,000.00 to \$1,500,000.00 by transferring an amount of \$900,000.00 from the Working Capital Reserve of the Administrative Account to the Reserve Fund. Furthermore, the Council, at its Fifty-second Session (Yokohama, November 2016), through a CFA recommendation, increased the "Special Reserve Fund" from \$1,500,000.00 to \$1,850,000.00 by transferring an amount of \$350,000 from the Working Capital Reserve. Subsequently, the Council, at its Fifty-third Session (Yokohama, December 2017), through a CFA recommendation, further increased the "Special Reserve Fund" from \$1,850,000.00 to \$2,500,000 by transferring an amount of \$650,000 from the Working Capital Reserve. This "Special Reserve Fund" (of **\$2,500,000.00**) will only be utilized as determined by the Council.

No contingency is included in the approved Administrative Budget for the financial year 2020 and 2021 and therefore unexpected shortfalls in the budget, if any, will need to be financed from the Working Capital Reserve (of the Administrative Account), as in previous years.

CORE OPERATIONAL COSTS

O. Communication and Outreach

O.1 Publications

The core publication of the Secretariat is the Tropical Forest Update (TFU) which is produced up to four times a year and distributed widely among member countries and the public (in three languages distributed to 15,000 mostly developing country subscribers). This budget sub-heading also provides for the production of publications of the Organization under its Technical and Policy Series (TS and PS), as well as production of posters, pamphlets and other public relation materials. There is a decrease of \$65,000 to reflect cost saving efforts to be made by streamlining procedures and reducing the amount of paper consumption.

O.2 Outreach activities

Costs related to ITTO's presence at relevant conferences, including sponsoring booths and the production of relevant supporting promotional tools to disseminate ITTO materials and hosting events to highlight aspects of ITTO's organizational work are covered under this budget heading. There is an increase of \$65,000 to enhance outreach efforts in international fora and public communications

O.3 ITTO website

The ITTO's new website will require the same amount of US\$85,000 to maintain and periodically develop new features. The ITTO website is designed to leverage the current tools available to share knowledge and to disseminate information to users in all the official languages of ITTO.

P. Expert Meetings by Council

Allocations are made to hold, as necessary, up to two expert panel meetings per year on project appraisal. A reduction of US\$30,000 was made for 2020 and 2021 through cost saving measures.

Q. Policy Work of the Organization (Article 24)

Q.1 Action Plan

The new ITTO Action Plan is normally produced every 6 years before the end of its duration. In order to avoid sudden increases in the budget for certain years that require expenditures under this sub-heading, the secretariat will propose the usage of alternative funding sources, including voluntary contributions, or the Working Capital Reserve at the time the Council takes the decision to produce the new ITTO Action Plan.

Q.2 Guidelines, Manuals, Studies, etc.

The production of guidelines, manuals and studies are not envisaged at this time.

R. Statistics, Studies and Information

R.1 Market Information Service (MIS)

This activity is to continue to publish the ITTO bi-weekly Market Information Service (MIS) which has previously been implemented by the Secretariat through the extension of project PD 16/03 Rev.4 (M). Therefore an estimated amount of US\$210,000 is being requested to meet the costs of publishing the bi-weekly Market Information Service which include: (a) an amount of US\$197,000 to cover consultancy fees

for a lead consultant at US\$90,000 and 11 correspondents at an average of US\$10,000 a year for each correspondent; and (b) an amount of US\$10,000 to cover costs of subscription of relevant market reports and other miscellaneous costs related to the publication of the MIS.

R.2 Market Discussion

This activity is for the Secretariat to collaborate with the Trade Advisory Group (TAG) in organizing and holding the ITTO Annual Market Discussion on the world tropical timber trade during sessions of the Council in 2020 and 2021 and to be implemented by the Secretariat through the extension of pre-project PPD 14/00 (M) – Strengthening the Annual Market Discussion. An amount of US\$35,000 is estimated to be needed for holding the Market Discussion in 2020 and 2021. The fund is provided to meet travel costs, DSA and honoraria of four speakers/presenters and some minor miscellaneous costs.

R.3 Relevant Market Studies

Allocations under this sub-heading have been transferred to S2. Biennial Review in order to streamline costs related to market studies for the biennial review.

R.4 Work on Statistics

An amount of \$20,000 is estimated for 2020 and 2021 to meet the cost of updating and improving ITTO statistics pursuant to Article 27 of ITTA, 2006.

S. Annual Report and Biennial Review

S.1 Annual Report

There is no change in the allocation requested of US\$30,000 to cover the costs for the publication of the ITTO Annual Report for 2019 (to be published in 2020) and the ITTO Annual Report for 2020 (to be published in 2021) in the three working languages (English, French and Spanish).

S.2 Biennial Review

The amount of US\$60,000, allocated in 2020, would be necessary for consideration of the draft elements for the biennial review. The amount of US\$60,000 would be necessary for the publication of the review as it becomes due in 2021. There is an increase of US\$10,000 over the previous year's allocation due to additional analysis and reports being included in the review.

S3 Promotion of Exchange of Views

No allocation is envisaged at this point in time.
