

UNFF 19 SIDE-EVENT

Mainstreaming Legal and Sustainable Supply Chains of Tropical Wood Products for Responsible Production and Consumption

Date: Tuesday, 7 May 2024, 1:15-2:30 pm Venue: Conference Room 4

Join us at our dynamic side event to explore the significance of Legal and Sustainable Supply Chains (LSSC) of tropical wood products, promoting responsible production and consumption. Gain insights from practical experiences and lessons from prominent national forest certification and timber traceability initiatives. Let's engage in discussions on integrated strategies and collaborative partnerships to effectively implement LSSC in the framework of SFM, as a nature-based solution for a sustainable future.
